

Elaine H.  
H&I chair's report  
11/15/21

We Were contacted by the Indian Creek correctional facility in reference to meeting again at the facility. We have a previous panel leader setting up orientation to resume this commitment. SARP will be opening up on the 13th Monday 7-8pm. The day and time has changed to accommodate another fellowship that has been meeting on the day and time slot we previously held.

At. Brides correctional facility will reopen this Thursday. The time will be confirmed then. This will be a walk through to get all of the details in order since it's been some time that has passed. Everything is going well with the Salvation Army ARC commitment.

We are waiting on another date to go into the naval brig to meet with the chaplain.

A motion was made to reconvene wearing in person . If we have a suitable internet connection at the church, we will have a hybrid meeting to accommodate the members that are active and want to remain conservative with public meetings. We voted to table the motion until we are sure that we will be able to facilitate a hybrid. We believe that meeting in person will help to improve on participation.

Please spread the word that we are continuing to revive our commitments and we need all of the support and participation we can get.

In loving service Elaine H.
